

Embracing American Energy Opportunities: From Wellheads to Pipelines

Friday, May 3, 2013

Oklahoma City, OK

11:00 AM - 12:15 PM

Ballrooms D/E

Patrice Douglas,
Moderator

Chair,
Oklahoma Corporation
Commission

On September 8, 2011 Governor Mary Fallin announced the appointment of Patrice Douglas to the Corporation Commission. Commissioner Douglas took office on October 10, 2011.

Born in Oklahoma, Patrice is a long time Edmond resident. She attended Oklahoma Christian for her undergraduate degree, and went on the University of Oklahoma, where she obtained her law degree.

Patrice practiced law full-time for 13 years until she joined the family business. Working with her father in his company, ACP Sheet Metal, she faced first-hand the challenges of small business owners. During her five years at ACP, she served as its vice president and general counsel.

With her legal experience and love of small business, banking was a perfect fit. Patrice served as president of SpiritBank, and executive vice president of First Fidelity Bank. She was appointed to the Oklahoma Bankers Association Board of Directors in May, 2011.

In April 2009, Patrice was elected Mayor of Edmund, OK, a position she held for almost 3 years.

E. Scott Pruitt

Attorney General,
Oklahoma

Attorney General E. Scott Pruitt was elected as the 17th Attorney General of the State of Oklahoma on November 2, 2010, becoming just the second Republican in the history of the states to hold the office. As Attorney General, he has shown a dedication to fighting corruption, protecting Oklahoma's vulnerable citizens, championing public safety measures to reduce violent crime, and advocating excellence in the administration of law and justice.

Before being elected Attorney General, Pruitt served Broken Arrow, Coweta, and Tulsa in the Oklahoma State Senate where he served for eight years, four of those as Assistant Republican Floor Leader. In the Senate he was a leading spokesman for workers' compensation reform, lawsuit reform, and great accountability for government spending.

He earned a bachelor's degree in communications and political science at Georgetown College before being accepted to the University of Tulsa College of Law. After working his way through law school and earning a Juris Doctorate, Pruitt ventured into private practice, specializing in constitutional and employment law.

Richard Muncrief

Sr. Vice President of
Operations,
Continental Resources

Mr. Richard E. Muncrief is Senior Vice President of Operations and Resource Development for Continental Resources, Inc. Mr. Muncrief joined the company in June, 2009 and has over 30 years of upstream and midstream energy experience. In his current role, Mr. Muncrief is responsible for all engineering and operational aspects of the company.

Prior to joining Continental he served as President/COO with Quest Midstream Partners, LP in Oklahoma City and was a member of the Board of Directors. From 1980 to 2007, he served in various technical, operational, and leadership capacities with ConocoPhillips, Inc. and its predecessor company Burlington Resources,

Mr. Muncrief earned his Bachelor of Science degree in Petroleum Engineering Technology from Oklahoma State University in 1980.

Corey Goulet

Vice-President, Keystone
Pipeline Projects,
TransCanada Corporation

As Vice-President, Keystone Pipeline Projects, Corey Goulet has overall accountability for the development and implementation of all phases of the Keystone projects including securing land and permits, engineering, procurement, construction, commissioning, start-up, and testing.

Prior to his current role, Mr. Goulet was Vice-President of the Facilities and Pipeline Projects department where he was responsible for leading the technical development and implementation of power plant, compression, metering, and pipeline projects in Canada and the United States.

Mr. Goulet has 27 years of energy infrastructure experience. His experience is varied and has focused on the development, construction, operation, and maintenance of natural gas, wind, hydro, nuclear, and transmission power facilities; gas, oil, and refined products pipelines; and oil and gas production facilities. He joined the company in 1998 as manager in the international business unit where he was responsible for developing projects. Since that role, he has lead various departments including pipeline engineering, energy projects, and nuclear technical development.

Born and raised near Edmonton, Alberta, he graduated with a Bachelor of Science in Mechanical Engineering (with Distinction) from the University of Alberta in 1985.
